# School Year 2017-2018 Montana School Breakfast Report

## *Addendum: Breakfast Participation for Districts & Schools*

In the following pages, MFBN provides school breakfast participation statistics for School Year 2017-2018 at the district and individual school levels. The tables are alphabetical by school district, then by school name. The column data are as follows:

1. **District** – Each school district and corresponding schools listed alphabetically.
2. **Schools** – School name in alphabetical order OR “District Level” which indicates the data in the row represents the school districts overall performances.
3. **CEP?**
  - a. **Yes** – the school had a school breakfast program AND participated in the Community Eligibility Provision (CEP) in School Year 2017-2018 (SY17-18).
  - b. **No** – the school participated in the school breakfast program, BUT NOT in CEP in SY17-18.
  - c. **No SBP** – the school DID NOT have any type of school breakfast program.
4. **Total Students** – Total students enrolled in the district/school’s national school lunch program in SY17-18.
5. **% FRP** – The percentage of students enrolled in school meals that qualified for free or reduced price (FRP) meals in SY17-18.
6. **Lunch ADP** – On average each day this number of students ate lunch in SY17-18.
7. **Breakfast ADP** – On average each day, this number of students ate breakfast in SY17-18.
8. **Breakfast Participation Rate** – Of the total students enrolled for school meal program, this percentage ate breakfast on average each day in SY17-18. This percentage is calculated by dividing Breakfast ADP by the total student enrollment.
9. **School Year 2016-2017 (“SY16-17”) Breakfast (“Bfast”) Participation Rate** – In SY16-17, of the total students enrolled for school meal program, this percentage of students ate breakfast on average each day.
10. **Percent Change in Breakfast (“Bfast”) Participation Rate** – this is a percentage increase or decrease in the rate of breakfast participation in SY17-18 compared to SY16-17. A negative symbol in front of the % change indicates a decrease. No negative symbol indicates an increase. Example: “In SY17-18, [Breakfast Participation Rate] of students participated in breakfast. This is a \_\_\_% increase/decrease from the participation rate in SY16-17.”

**Data points may be labeled “N/A” because the data was unavailable.
